To err is human....Well, I am all too human!

I recently was apprised of something I failed to mention in my correspondence to you as well as at the State clinic I gave in September!

It is a new clarification on Vault. I "remembered" to delete the phrase from the Vault Table back in July, but "forgot" to put it in my notes to you all.

The following twisting vaults DO NOT have to turn in the same direction

# 1.105	½ on – ½ off	8.7
# 1.203	½ on – 1/1 off	8.9
# 1.204	½ on – 1 ½ off	9.3
# 1.302	½ on – 2/1 off	9.7

Again, my apologies for this oversight.

Sincerely,

Maria DeCristoforo
